CITY PARKING LAW MAY BE CHANGED

MAYOR SAYS THAT CHANGE WILL BE MADE

QUIT CENTER PARKING?

Mayor Robinson Favors Abolition of Present System—Sec. Pickens Favors Center Parking

Sometime in the near future there will be radical changes made in the parking ordinances in Maryville. This statement was issued by Mayor F. P. Robinson this morning. The statement was made as a result of the undue congestion which arises on the streets of Maryville, particularly around the public square on busy days and on holidays. Main street, especially, between second and Fourth, is overcrowded with cars, and once a car is safely parked it takes several minutes for it to be freed from the jam because other cars are parked around it in such a manner that it is impossible to move without getting several cars out of the road.

Mayor Robinson said that in the near future he expected to present a new parking ordinance to the Board of Commissioners which would be exceedingly revolutionary in nature. He said "We don't think it necessary or expedient for everybody to park around the square."

Possibly the most radical change which will be in the new ordinance is in regard to where cars will be parked. Mr. Robinson said, "I think that the ordinance will abolish all center parking."

This would indeed be different. The present ordinance calls for the parking of cars in the center of the street on Main between First and Sixth streets. Under the proposed change the cars would have to be parked on the side of the streets.

Secretary G. A. Pickens of the Maryville Chamber of Commerce, when interviewed on the subject said, "I think that center parking is the only thing for the business sections. If cars are parked on the sides of the main business streets, how can a person get from the street into the business houses without climbing over or around a line of cars."

This statement, giving the views of the Commerce Secretary is in direct opposition to Mayor Robinson's theory of no center parking.

However, whichever one is worked, or if both are worked in part, something should and must be done to relieve the congested situation in the business district.

The idea of the Mayor is that too many persons park their cars in the business district is good. Numerous car owners, who have business all over the city, park their cars on Main street when they might just as well park on a side street.

Another thing, many of the business and professional men, who have offices downtown in the business section, park in the crowded parts. Is it that these business men just park there from habit or is it that they have forgotten that they know how to walk, and ride if they have to go but a block or two.

For instance one business man said "I am getting so lazy that I get in my car and ride if I just have to walk to the post office."

Perhaps, until the situation is relieved, if all car owners possible would park their cars on side streets it would help the city authorities out a bit.

Again, many dirvers are violating the parking ordinance without realizing it. The ordinance provides that cars parked on Main between First and Sixth streets should be parked in the center of the street and on an angle of a little more than forty-five degrees. This does not mean that cars may be parked in the center of the street parallel to the sidewalks as is being done day after day but it means at an angle of a little more than forty-five degrees.

Furthermore drivers who park their cars on the side of the street between First and Second streets, are violating the ordinance whether they realize it or not and are liable to arrest.

The ordinance specifies that cars shall be parked in the center of Main street from First to Sixth streets and the block from the Price Furniture Company to the First Methodist church is in this range. So cars parked in this block on the sides of the street are parked wrong and the owners are liable to fine.

FRANK WARREN MAY WED NANCY JORDAN

HE ADMITS POSSIBILITY OF MARRIAGE

MRS. WARREN IN N. Y.

Divorced Wife of Attorney Makes Arrangements to Bring English Girl to Kansas City

New York, Nov. 28—Miss Nancy Jordan, English war mother and her 3-year-old son, Francis, were released this afternoon from Ellis Island by immigration authorities on a bond of $500 each signed by R. D. Jenkins, New York Lawyer, who it is understood was acting for Mrs. Mary Warren of Kansas City.

Kansas City, Nov. 28—The possibility that the tangled affairs of Nancy Jordan, beautiful English mother and her 3-year-old son, Francis, may be culminated soon, when she arrives in Kansas City at her new home, to live down her big "mistake."

Under the sheltering protective roof of the divorced wife of Frank Warren, Kansas City attorney, she will make her home.

The possible marriage of Miss Jordan and Frank Warren loomed large today. Warren, while refusing definitely to say whether or not he intended to marry Miss Jordan, when Mrs. Mary Warren brings her to Kansas City, admitted that, "Miss Jordan and I may marry."

It was during the war, when Warren was stationed in England, that he first wrote to Mrs. Warren of Miss Jordan and her plight. Later the two began correspondence. A warm friendship resulted, he said, and then came the offer of Mrs. Waren of a home and aid.

Washington, D. C., Nov. 28—Mrs Mary Van Trump Warren, divorced wife of Frank Warren, unique figure in the case of Nancy Jordan and her 3-year-old son, arrived here today to make her deposit with the Immigration Board for the entrance of the young English mother and her son.

She tarried only long enough to conduct business with the Board and will leave immediately for New York, to take the girl and child home with her to Kansas City.

Dispatch From Athens Tells of Court Martial, But No Official Verification Is Obtainable.

London, Nov. 28—In open defiance of the British government's warning, the Greek government today executed five former ministers of the old Constantine regime. 'A EIGHTH REVIEW' BY GRADE PUPILS

DEALS WITH ACTIVITIES AND STUDIES OF THAT GRADE

GOOD WORK WAS DONE

Walter Allen and Wilbur Wilson, Editors-in-Chief—Grade Taught by Miss Mary Ford

The pupils of the A Eighth grade at the Central school are publishing this year the "A Eighth Review," a book of thirty-five to forty pages dealing with the activities and studies of the grade this fall and winter. The book was started soon after the beginning of school and will be finished sometime before Christmas. Every pupil in the room is taking a part in the editing and reporting of the little book and it is quite original and interesting.

This grade is taught by Miss Mary Ford who is spending a great deal of her time on it.

The cover of the book is of brown paper with the title done in colors. The reading matter is typewritten on large pages of paper and numerous illustrations are inserted.

In the book original verses, compositions and illustrations are found. All of the activities and life of the grade is recorded in a pleasing fashion.

Ten copies are being made. When completed these will be taken home by the students for their parents to read and then will be brought back to the school. The typing of the reading matter has been handled by the fathers of the pupils who have stenographers.

The "Review" is a credit to the teacher and very commendable work was done by the students. All have labored zealously and their achievement is good. This little book is the first of its kind ever tried at the schools of Maryville and proves to be a project which is both instructive and interesting to the pupils.

A regular staff for the book was chosen from the students of this grade and the compilation was conducted on much the same order as that of a high school or college annual.

The staff follows: Editors-in-Chief, Walter Allen and Wilbur Wilson; athletic editors, Paul Neal and W. H. Culver; joke editors, George Hall and Curtis Coe; society editors, Emily Martin, Lucile Snyder, Eva Edwards, Viola Leamer, Evelyn Hackett, Beatrice Bickett and Ruth Hammond; advertising editors, Ralph Hudson, Lauron Yeo and Cornelius Stillwell; committee on manual training, Frank Pierce, Louis Liston; committee on domestic science, Beatrice Hawkins, Frances Lemon, Alma Carter, and Pauline Spurgeon; committee on school calendar, Jaunita Edwards, Eudora McDonald, Lucile Strong; committee on civic news, Paris Phipps, Paul Whaley, Paul Bratcher, David Belt and John Campbell; committee on geographical and historical conundrums, Mildred Wiles, Homer Gile, Raymond Cohn; artist, Charles Kissinger; and advisor, Miss Mary Ford.

THANKSGIVING SERVICES AT PRESBYTERIAN CHURCH.

OFFERING TO WEL. BOARD

Custom of Giving to Welfare Board to Be Observed—"Thanksgiving Blessings," Sermon.

Tomorrow evening the union Thanksgiving service for Maryville will be held in the Presbyterian church at 7:30 o'clock. In view of the usually meager attendance on Thanksgiving Day itself, two years ago the Ministers Association voted to try out the plan of having the service on Thanksgiving Eve, to set the tone for Thanksgiving Day itself. It was so successful that it will be followed as the annual custom.

The music for the service has been arranged by Luther A. Richman, director of music at the Presbyterian church. The Rev. S. P. Allison will preside, as president of the Ministers' Association.

The program for the service follows:

Organ Prelude—Miss Neva Sage.

Hymn.

Scripture lesson—Rev. R. E. Snodgrass.

Solo, "A Psalm of Thanksgiving"—Miss Nellie Collins.

Prayer—Rev. B. F. Cline.

Anthem, "A Prayer of Thanksgiving" (A Netherland Folk Song)—The choir.

Offering.

Hymn.

Sermon, "Thanksgiving Blessings"—Rev. C. C. James.

Hymn.

Benediction—Rev. J. A. Cooper.

The custom of the past services will be followed and the offering given to the work of the Welfare Board. Last year the offering was very large. The Ministers' Association asks that people come prepared to contribute to this work.

CALMNESS REIGNS AT THE TIERNAN HOUSEHOLD TODAY

Wisconsin Professor and His First Wife Have Become Reconciled and Await Legal Developments.

South Bend, Ind., Nov. 28.—Calmness reigned in the Tiernan household today and for the past thirty-six hours Tiernan and his "first wife" have been reconciled.

Living together as happily as they could under the circumstances, they await developments. Neithers seems to know just what to do next.

Meanwhile Mrs. Blanche Brimmer, the professor's ill-fated bride of a day, is at Marshalltown, Iowa, where plans are being made to show that a bigamy charge was unwarranted in her marriage to Tiernan. Rumors have been denied by Prof. Tiernan that he intends to return to "Blanche." His present plans are to remain with his "first wife."

The Tiernan's household goods will be stored here preparatory to their moving to Chicago, where they "will start all over again."

OLMSTEAD AND WILSON SOME BETTER TODAY

Although Some Improvement Was Noted, They are Not Out of Danger.

Roy Olmstead and Roy Wilson, who were injured in the car wreck near Bedford Sunday night, are reported by attending physicians, to be a little improved this afternoon. Olmstead suffered a fractured skull and Wilson concussion of the brain. Although some improvement was noted today, they are by no means out of danger.

These young men, who live near Hopkins, together with Miss Edna Hayes and Miss Marie Carroll, went over a twenty foot embankment two miles from Bedford, when Olmstead, who was driving, failed to see a detour sign.

AVERAGE $458.75 IN BELLOWS SALE

OF SHORTHORN CATTLE AT PARKDALE FARM TILL 3 O'CLOCK

22 ND ANNUAL SALE

Eight Sets of Cow and Calf Sold Before Press Time For Total Of $3,670

At 3 o'clock this afternoon eight combinations of a cow and a calf had sold at the Bellows Brothers Twenty-second Annual Sale of Shorthorns which is being held at Parkdale Farm for a total of $3,670 or an average of $458.75 for each cow and calf. Some of the best stock in the Bellows herd was sold at this sale.

A small crowd was in attendance when the sale opened shortly after one o'clock. Only about two hundred persons were in the sale pavilion.

At the opening of the sale some of the herd bulls of the Bellows Brothers were exhibited. Following this a short talk was made by W. A. Kotchel of Kansas City, President of the Western Division of the American Shorthorn Breeders Association.

The auctioneers of the sale were Carey Jones of Chicago, N. G. Kraschel of Harlan, Iowa, William Milne of Mt. Pleasant, Ia., and R. P. Hosmer of Maryville. Col. Cise of Chillicothe assisted in the crying of the sale.

At press time the buyers of the sale were A. O. Stanley of Sheridan, Dick Collins of Maryville, Harmon and Wilkinson of Holden, Mo., F. E. Stephenson of Wheeling, the Merryvale Farms of Kansas City and Sni-A-Bar Farms of Kansas City.

Mr. Stephenson was the heavy buyer of the sale, taking three of the first eight offerings.

FIRST TEST VOTE FAVORS SHIP BILL

Washington, Nov. 28.—The first test vote on the administration's ship subsidy measure in the House of Representatives this afternoon, showed 132 to 93 in favor of the merchant marine legislation.

The test vote came when an amendment was offered by Representative Davis, Democrat of Tennessee, to strike from the bill, the provisions that the government furnish financial aid and assistance for the American marine.

That only 93 votes were recorded against the measure, is interpreted by Republican leaders in the House to be sufficient to pass the administration measure by a substantial majority when the final roll call is taken tomorrow afternoon.

MAYOR COUZEN OF DETROIT MAY SUCCEED NEWBERRY

Well Founded Rumors This Afternoon Said the Governor Had Virtually Made Decision

Detroit, Mich., Nov. 28—The appointment of Mayor Couzen of this city to succeed Truman H. Newberry to the United States Senate was momentarily expected this afternoon following reports which were well founded.

It was said that Governor Groesbeck had virtually decided on Couzen for the Senate seat, from which Newberry resigned after a storm of criticism following his election.

NEAR EAST PEACE HOPES GLIMMERS

SERIOUS TROUBLE COMES FROM RUSSIANS.

"TERRITORY GRABBERS"

In Wild Scramble for Commercial Rights, United States Observer Plays Big Part.

Lausanne, Switzerland, Nov. 28—Hopes of establishing a permanent peace in the near East, began to dwindle today. Serious trouble has come from the Russian delegations following the decision of the Allies not to give them full membership or recognition in the conference.

President Rokobosky of the Soviet Ukraine delegation to the peace parley, said it was no use for the Russians to remain if they were to be only "observers" while other powers made decisions that vitally affected their seacoast.

There is now a wild scramble for commercial rights in the near East. "Territory Grabbers," are indignant at Richard Washburn Child, American observer, whose recent speech on the "open door" policy of the near East, checked their efforts to "bottle up" the rich territories of Turkey.

Their only hope now is that another conference can be held later at which the United States will not be represented and they may be better able to "bottle up" these rich regions.

GRAND JURY STARTS TO BALLOT IN HALL CASE

Wife of Slain Pastor Makes Dramatic Entry and Demands Right to Testify.

Somerville, N. J., Nov. 28—The Somerset grand jury in the murder of the Rev. Edward Wheeler Hall and his choir singer, Mrs. Eleanor Mills, started balloting for a verdict late this afternoon.

Mrs. Jane Gibson, alleged eyewitness to the double murder on September 20 appeared before the grand jury to testify as to her claims of seeing the murder enacted. The morning of the last day was marked by the appearance of the widow of the slain pastor before the jury.

Somerville, N. Y., Nov. 28. — Mrs. Frances Hall, suddenly appeared before the grand jury today in the murder case of her husband, the Rev. Edward Wheeler Hall and his choir singer, Mrs. Eleanor Mills, and demanded an opportunity to testify.

An hour after her appearance, the state's star witness, Mrs. Jane Gibson, self-styled eyewitness, appeared at the courthouse and immediately was closeted with the examining authorities. No one was allowed admittance.

Mrs. Hall was accompanied by her attorney, Timothy Piefer, and her friend, Mrs. Peters. Her appearance was most dramatic. No one suspected any such action on her part. Attorney Mott in charge of the prosecution for the state immediately gave her a hearing.

She was dressed in black and wore a heavy veil over her face. Her sudden appearance caused delay in the grand jury convening at its usual hour and held a conference for ten minutes with attorneys.

Mrs. Gibson was called in shortly after 11 o'clock for a conference in the grand jury room.

REP. FILIBUSTER "RILES SEN. UNDERWOOD TODAY

Minority Leader Threatens to Block Legislation After Filibuster on Anti-Lynching Bill.

Washington, Nov. 28.—After maintaining a filibuster for more than three hours in the Senate against the anti-lynching bill, flatly announced to defeat the measure, Senator Underwood, Democrat, of Alabama, issued a challenge to Republican leaders that it be enacted or held for the reason of blocking all legislative machinery.

"Unless the situation stops now," said Underwood, "not another bill will pass the Senate or any other legislative business. This is the final word of the minority."

Senator Underwood is minority leader in the Senate.

THANKSGIVING

At this season of the year our thoughts turn to one of the most beautiful incidents in the history of the settlement of America by the Pilgrim Fathers, the setting aside of a special day, in the midst of trials and difficulties which, to the ordinary man, might seem insurmountable, in which to offer thanks to God for the blessing which he bestowed upon them.

What significance does Thanksgiving have for us? Let us not forget that this is the fourth Thanksgiving Day since the close of the most colossal struggle the world has ever known. Does our Thanksgiving this year have the same significance to us that it did to the Plymouth colonists at the end of their first harvest in 1621? If they had reason to celebrate Thanksgiving Day, how much more reason have we Americans of the present day to set aside a special day of Thanksgiving to the Almighty for the wonderful advantages which we enjoy as citizens of the country which has been blessed above all others.

M. H. S.-ALUMNI GAME FOR TURKEY DAY, CALLED OFF

High School Eleven Has Quit Training and Decided not to Play—Basketball Begins Next.

After a meeting of the football squad of the Maryville High School, a vote on the question of playing another game this season of the gridiron sport, Captain O'Banion decided to reject the challenge of the Alumni. The Maryville team has trained since the first week of school and have had hard workouts every night, so now since they have broken training after their defeat at the hands of Cameron, they decided not to play a Turkey Day game.

The practice for basketball will begin soon after the vacation period is over. Some very good prospective material is in sight out of which Coach H. Frank Lawrence hopes to develope another winning team. For two years in succession the Maryville squad has won the district championship and with their regret over the loss of the football championship they plan for a double revenge in basketball this season.

Oren Masters is the captain for this year's squad. Masters plays running guard and forward last year and the way he has set the pace in football, a fast floor man is expected of him again this year. Fannon, last year's captain and forward will be in the lineup again this year.

Harold O'Banion is the stationary guard of last year's champions and is fairly sure of the same position again this year.

Ogden is a sure shot forward that was developed in last year's season.

Willoughby, Chick, L. Smith and J. Smith are men from last year's squad who will report for practice this year.

Some new material is expected to show up when the contest for the picking of the squad will be held.

Coach Lawrence was a three year member of Missouri Wesleyan team and will coach the boys in the art of basketball.

The girls' team, under the coaching of Miss Lois Nash is practicing twice a week and will soon be ready to make a public appearance.

MACSWINEY SISTERS BREAK HUNGER STRIKE

Dublin, Nov. 28—Mary MacSwiney was today released from the Mount Joy Prison at the end of her twenty-third day of hunger strike against the Free State Government. Both are in a hospital where they are recovering from the long self-imposed starvation at the Mount Joy Prison.

TEXAS MAN LANDS IN JAIL FOR LOVE OF DOG

Quarrel Is Due to Kicking of Pet Followed by Death of Aged Man.

Dallas, Texas, Nob. 28.—Frank Fessendon, gray haired and nearly seventy years old, is a huckster. He has few friends, but "conia," a small wooly "cur" dog, he loves. "Conia" is his constant companion and guards his wagon while his master is away.

While a group of men were standing around a fire in an open lot Tom Allen, also gray haired and approaching eighty, kicked the small pet. Fessendon remonstrated with him. A quarrel ensued, and, according to Fessendons story to the police, Allen attacked him with a knife. In self defense, he says, he snatched a burning ember from the fire and struck Allen on the head with it, inflicting painful cuts and bruises. Allen was treated at the Emergency Hospital, but was able to walk home. Shortly afterward, however, he fainted and was rushed to Parkland Hospital, where he died.

A charge of murder was lodged against Fessendon, and he was locked up in the county jail.

An autopsy, performed by surgeons at the hospital where Allen died, revealed that death was due to a ruptured spleen.

It is probable Fessendon will be released and the charge dismissed, after an investigation of the case by the grand jury.

Fessendon, in jail, thinks constantly of his little friend.

"I hope 'Conia' don't have to sleep out in the cold these bad nights," he says. "I couldn't bear to see my little 'pal' abused."

GUN CLUB TO HOLD TURKEY SHOOT ALL DAY WEDNESDAY

The Maryville Gun Club will hold a Turkey Shoot at the club range northeast of the Burlington depot tomorrow. Besides the Turkey shoot there will be clay target events also.

In addition to turkeys the management of the shoot has promised that there will be plenty of ducks and geese.

The shoot which was held last year aroused a great deal of interest and it is predicted that the one tomorrow will be better than ever before.

Mrs. C. A. Lawler spent Saturday and Sunday in Hopkins at the home of her daughter, Mrs. Ula Moorehouse.

EDUCATION WEEK SET FOR DECEMBER 3 TO 9

Purpose Is to Promote Good Citizenship—Parents Urged to Visit Schools That Week

The week of December 3 to 9, the American Education Week, will be observed in the Maryville schools. The ward schools and the grades will give programs during that week while classes in the high school will give talks and write essays on the week.

This is the second annual celebration of Education Week. The idea grew out of plans of the American Legion for the development of good citizenship and the Americanization of foreigners who have come here to live. The United States Bureau of Education and the National Education Association are helping.

The purpose is to awaken greater interest on the part of the public in education, especially as it develops American citizenship and patriotism. Parents and others are urged to visit the schools, not only during this week but in the future more often than in the past.

For the first day, Sunday, ministers of all denominations are asked to preach sermons on education in the home, in the school and in the church. The slogan for this day is: A godly nation connot fail.

Every pupil in every school in the United States, to be prepared for American Education Week, December 3 to 9, should learn by heart the "American's Creed." This creed was written by John Tyler Page, chief of the national House of Representatives. It won the prize of $1000 offered by the city of Baltimore in 1917. The United States Congress officially adopted it on April 13, 1918.

The creed is stated in just one hundred words. Its purpose is to arouse interest in the Declaration of Independence and the Constitution and to sum up the things for which America stands and which have made the United States a great nation. Here it is:

I believe in the United States of America as a government of the people, by the people, for the people: whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign Nation of many sovereign States; a perfect Union, one and inseparable; established upon those principles of freedom, equality, justice and humanity, for which American patriots sacrificed their lives and fortunes. I therefore believe it is my duty to my country to love it; to support its Constitution; to obey its laws; to respect its flag, and to defend it against all enemies.

SQUIRREL NEST REVEALS STORE OF GOLF BALLS.

Manchester, Me., Nov. 28.—On the ground of the Augusta Country Club recently was found a squirrel's nest. In this nest a squirrel had concealed 31 golf balls. The place near the nest is one of the most difficult drives of the course and sometimes the golf balls are knocked into the woods and are lost. The nest was found by rare chance.

Evidently during the summer months the squirrel thought a new crop of nuts was invented and watched the balls speed through the air into the woods. After things had quieted down he began his work of collecting. Many of the balls were in good condition, while some bore the teeth marks of the hoarder.

Tuberculosis Association Has Health Week Program, Dec. 3 to 10.

St. Louis, Nov. 28.—The completed program for the Missouri School and Health Week, Dec. 3 to 10, set aside by the legislature to be observed annually throughout the state, has just been issued by the Missouri Tuberculosis Association, with the co-operation and indorsement of Governor Hyde, the American Legion, the Rotary clubs of Missouri, the state board of education, the state board of health and other bodies.

"All business, social and educational organizations, as well as all churches and schools," the governor states in his indorsement of the week, are urged to co-operate to make this week successful to the end that the public health may be promoted and maintained in Missouri."

Literature on the fight being conducted in the state against tuberculosis with the results attained and financial support needed, will be distributed to the homes and in the schools, churches and other gathering places, and the sale of tuberculosis Christmas seals urged throughout the state.

The program provides for Sunday, Dec. 3, the opening day of the week, as Announcement day. Other days following are: Monday, Dental day; Tuesday, Babies day; Wednesday, Life Extension day; Thursday, Recreation day; Friday, Tuberculosis Christmas seal day in schools; Saturday, First Full Seal Selling day for children, and Sunday, Tuberculosis Sunday.

Through the services rendered by the Missouri Tuberculosis association and local tuberculosis organizations as shown by recent figures prepared by Dr. Walter McNab Miller, executive secretary of the Missouri Tuberculosis association, the deaths from the white plague have been reduced from 5,113 in 1911 to 3,010 in 1921, the figures for this year not being complete.

The Christmas Fur Coat

(©, 1922, Western Newspaper Union.)

NO ONE could understand the will. The old lady was even eccentric in the way she left her money. Among the many personal possessions she had mentioned had been that of her beautiful Russian sable fur coat, worth well into the thousands of dollars. This she had left to the old woman who had brought eggs to them from the country. It wa sto be given to the egg woman on the first Christmas after the old lady's death, and every Christmas after that she was to be given the interest on a sum of money, the principal of which was to be given to her when she reached a certain age, or before if she became ill.

"It's all very sensible except why in the world did grannie leave that wonderful fur coat to that egg woman?" her grandchildren remarked. "Why, she won't know what to do with it. She's perfectly happy with an old ulster and a good warm sweater."

But they did not fail to carry out what their grandmother had wished, even though they could not understand.

Never was such a Christmas present received, and never was there such joy, for fairy tales had come true in a great and mighty swoop, and she, who had fancied never throughout her entire life to wear anything on her back that was luxurious, now gloried in her coat. And every week she went about selling eggs, so happy in wearing the superb coat. For old grannie had understood more than any of them knew!

Marshmallow Fudge.

If your marshmallows get a little stale before using up, try making marshmallow fudge. Put two cups granulated sugar and one cup milk in a saucepan and let the mixture come to a boil. Add one square and a half chocolate, grated, and two tablespoonfuls butter. Cook about ten minutes then remove from the fire and beat until the fudge gets rather stiff, but not so stiff that it will not pour easily. Break marshmallows into several pieces, place in the bottom of a dish and pour the fudge over them.

Two others—one said to be a nurse, and the other a prominent girl locally—were expected to be questioned today. Their names were withheld.

Dr. Cox received a mysterious telephone message while making an "outside call," Saturday evening. He left apparently to fill the important engagement and was not seen until his body was found.

3 INJURED WHEN SANTA FE FLYER GOES IN A DITCH

Wichita, Kan., Nov. 28.—Three persons were slightly injured when the Santa Fe flyer, No. 12 was wrecked three miles north of here this morning. The engine and six coaches carrying over a hundred people went into a ditch.

The absence of more injuries was due to the fact that the train was running at a slow rate of speed when the accident occurred. Many people in the sleepers were hurled into the aisles of the coaches.

The cause of the wreck was given as an open rail.

WILL HAVE A SHORT COURSE IN POULTRY

HIGH SCHOOL TO HAVE SUCH A COURSE DURING SHOW

H. G. TILLEY IN CHARGE

Lantern Slides and Practical Demonstrations Will Be Given During Week of Dec. 4 to 8

During the week of December 4th to the 8th, the Maryville High School will offer a short course in Poultry. This is the week of the Nodaway County Poultry show. H. G. Tilley, teacher of the Agriculture class at the school, will be in charge of the class. Anyone who is interested in the raising of poultry is invited to attend the sessions of the class which will be from 3:30 o'clock to 4:30 o'clock on Tuesday, Wednesday, Thursday of that week. The farmers who are attending the Poultry Show are especially invited to the sessions.

The class will be taught by lantern slides and by practical demonstrations by Mr. Tilley in the latest and most effective way of raising the chickens on both the city and farm lots.

The subjects which will be discussed are housing of the poultry, diseases of poultry, feeding of poultry, and on the subjects of eggs.

Housing of the poultry is a subject which all poultry raisers should know more about since in the last ten years some very important changes have been made in the building of the houses. Statistics show that many thousands of dollars are wasted annually in both losses of poultry and in the waste in building of the houses because ineffecient methods are used. On Tuesday the different styles and the essential features of the house buildings will be discussed.

On the subject of diseases, most of the prevailing diseases among the poultry stock can be prevented if proper housing and feeding and sanitary conditions are used. All on this subject will be discussed on Wednesday afternoon by Mr. Tilley.

On the subject of feeding the poultry the great trouble of the farmers in not getting winter eggs is that they do not feed the chickens properly. Feeding of the poultry in the winter is essentially different from the diet which should be given the chickens in the summer time. The subject of both winter and summer feeding will be discussed in full.

The question of caring of eggs will be studied on Friday afternoon. Missouri is second in production of eggs in the United States while of the price received for the eggs Missouri ranks third. This is caused because of improper handling of the eggs and the methods of storing of the eggs will all be discussed.

The vocational agriculture boys are now studying the testing of cream.

F NAL GAME TO BE PLAYED AT LIBERTY ON TURKEY DAY

At William Jewell Field In the Morning Before Cameron-Wesleyan In the Afternoon

The final game for the football championship of the high schools of northwest Missouri will be played Thanksgiving morning between Liberty High School and Cameron High School at Liberty. The game will be played on the William Jewell field.

A co-incidence occurs this year in football between Liberty and Cameron. William Jewell of Liberty and Missouri Wesleyan of Cameron will mix in their annual battle on Thanksgiving afternoon and the high school game was selected to be played at Liberty in order that Cameron rooters might be able to follow both their college and their high school team.

From the outlook Cameron High School will win and William Jewell College will win so it will be a split between the two towns.

Several from Maryville are intending to go to Liberty tomorrow to attend these games Thanksgiving. Among them are the Rev. J. A. Cooper, Coach H. Frank Lawrence, Morris Chick, Homer Ogden, Jarvis Bush, Harold O'Banion, Vodre Willoughby and Marion Gile.

IN TEXAS THEY REACH UP AND CAPTURE WILD DUCKS FROM SKY

Marshall, Texas, Nov. 28.—Reach up and take your pick!

Clifford Haris, 14, was riding along a country road on his bicycle. A large flock of ducks were flying overhead. Curosity apparently impelled them to make a closer inspection of the moving object beneath. They swooped down so close to the boy that he reached up and grabbed one by the leg. In spite of the duck's struggles the boy held on, took his captive home, where he plans to cross it with some of the tame variety.

MUSIC PROGRAM AT C. OF C. LUNCHEON MADE A HIT

A most entertaining musical program was given last night at the weekly Chamber of Commerce luncheon at the Bainum Hotel. As this was "ladies' night" over eighty persons were present at the luncheon. Following the luncheon, Chas. R. Gardner, head of the Conservatory of Music led several numbers in community singing which seemed to prove that everyone likes, or likes to try, to sing.

Thos. H. Annett gave two piano numbers and was followed by two violin solos by C. D. Kutschinski. Luther A. Richman gave two vocal solos, followed by a solo, "Spring's Awakening," by Sanderson, , by Mrs. Fred Wolfers. One of the most popular numbers of the evening was a duet by Mrs. Wolfers and Mr. Richman, entitled "Rose of My Heart."

It was announced last night that Mr. Gardner had been named permanent chairman in charge of music for the regular weekly luncheons.

HYDE APPOINTS TIBBELS.

Mound City Judge Named to Fill Out Short Term Judgeship in Fifth Judicial District.

Jefferson City, Mo., Nov. 28.—Governor Hyde, who was at Trenton on private business Monday, telephoned his office to commission Judge A. M. Tibbels of Mound City, judge of the circuit court for the Fifth circuit for a term expiring Jan. 1, 1923.

He was the present judge there by appointment to fill out the unexpired term of the late Judge A. D. Burns, but it was discovered that under his original appointment he automatically went out of office the day of the election and that his successor elected for a full term cannot be commissioned until Jan. 1.

The reappointment of Judge Tibbels straightens out the complication.
